

SEYMOUR IDE IS INDICTED UNDER THE CHARGE OF MURDER

GRAND JURY RETURNED TRUE
BILLS AT COMPLETION OF
THEIR WORK.

TRIAL LIST MADE UP TODAY

Docket Was Read and Many Cases
Have Been Set for Hearing
This Term.

BULLETIN.

George Manon, charged with arson,
against whom the fourth indictment
was returned, was arrested late this
afternoon. Manon is charged with
having set fire to Richard Long's
house near Harmon Feb. 7, 1916.

The grand jury completed work
this morning and returned four true
bills three of those indicted now being
in custody.

Seymour Ide, indicted on murder
charge.

Lee Duan, indicted on charge of
forger.

John Keating and Bert Stiles, in-
dicted jointly on charge of burglary
and larceny.

The other party indicted has not yet
been apprehended but the officers ex-
pect to have him in custody soon.
Those now in custody will be arraigned
tomorrow to plead.

Murder Charge.

The case of Seymour Ide is still
fresh in the minds of the people. In
February a physician was called to
the Ide home east of town to care for
Mrs. Ide. He found her condition ser-
ious and infection had set in in one
of her eyes. She was taken to the Dix-
on hospital and later the eye was re-
moved. As the result of an investiga-
tion her husband was taken into cus-
tody charged with beating his wife,
and Mrs. Ide's condition was the re-
sult of this maltreatment, it is al-
leged. On March 12 Mrs. Ide passed
away at the hospital.

Say He Gave Bad Checks.

Leo Duan in making purchases ten-
dered checks on local banks purport-
ing to be signed by Geo. Seybert and
others, which developed to be forger-
ies. He was identified by the store
keepers where he had passed the bad
checks.

Young Car Robbers.

John Keating and Bert Stiles, Peo-
ria young men arrested at East Clin-
ton last week on charge of breaking
into merchandise cars and stealing
goods, were caught with half a dozen
suits of clothes and two rain coats in
their possession, part of the articles
missing from the car. They admitted
their guilt and also that they had
broken into other cars. Stiles is now
wearing shoes he says he stole from a
car. They also admit having stolen
two cases of condensed milk which
they "planted" in a washout along the
track near Peoria.

Docket Is Called.

At 10:30 this morning in court the
old and new dockets were called and
a trial list made up. There are a num-
ber of damage suits, in which good
sized amounts are involved and it is
likely the case of Seymour Ide, in-
dicted for murder, will be disposed of
at this term as he has now been confined
in jail nearly two months.

Four Naturalized.

The first Tuesday of court has been
set to hear naturalization cases. Tues-
day afternoon four persons took out
final papers. They were: Max Gerdes,
Louis E. Bauer, Nels Udeson and John
G. Goodman.

SHERMAN-SULLIVAN WINNERS IN PRIMARY

SLOW RETURNS FROM STATE-
WIDE ELECTION INDICATE
THEIR SUCCESS.

CHAS. DENEEN IS ELIMINATED

Was Defeated in Race for Member of
Cook County Republican
Committee.

(Associated Press)

Chicago, Apr. 12.—The presidential
primaries Tuesday declared in favor
of Wilson on the democratic ticket
and Senator L. Y. Sherman on the re-
publican ticket. The names of Roose-
velt, Hughes, Mayor Thompson and
Root were written in on some republi-
can tickets and Champ Clark's name
appeared on some of the democratic
tickets.

Chicago Vote.

The vote in Chicago was:
Sherman 63,824
Roosevelt 11,620
Hughes 959
Root 198
Thompson 2
Wilson 79,398
Clark 75

Sherman Wins Delegates.

Sherman won all the delegates to
the republican national convention
with the exception of Sergel and Si-
mon, two Roosevelt adherents chosen
in Chicago.

In the fight for the control of the
republican Cook county organization
no faction received a majority.

Sullivan in Control.

Sullivan democrats easily won and
Sullivan will control the democratic
organization of the state and Cook
county, the state central committee
and the democratic convention at
Springfield.

Sullivan democrats carried 28 of 35
Chicago wards and downstate reports
indicate that the Cook county vote
was followed throughout the state in
favor of Sullivan. Incomplete returns
indicate that the democratic delegates
at large will be:

Governor E. F. Dunne,
Robert Switzer,
Robert Burke,
Carter Harrison,
Robert Sullivan,
Michael Zimmer,
J. W. Creighton,
Henry T. Rainey.

Deneen Eliminated.

Former Governor C. S. Deneen lost
the committee of his own ward
and was eliminated from the Cook
county central committee and may
also fail as a delegate to the state con-
vention. Thompson forces won 14 of
35 wards in Chicago, the remaining
21 being divided between the four-
wars of Deneen and Brundage.

Mayor Loses Own Ward.

Mayor Thompson also lost his own
ward, the Twenty-third, just as he
lost it in the aldermanic primaries.
Edward J. Brundage, leader of the
"neutrals," against whom the city hall
forces directed all the force of patron-
age at their disposal, unhorsed A. O.
Erickson, the Thompson candidate, by
more than 1,000 plurality on the face
of incomplete returns.

Both suffered from the knife.
Thompson's vote was held down by
the fact that the Deneen-West men
voted for seven of the Sherman slated
candidates, withholding their votes
from the mayor. That process raised
the totals of the seven corresponding-
ly with West's.

Vote for Thompson Alone.

The city hall organization, however,
voted for Thompson alone, which gave
the mayor a relative advantage over
West in a field of nine, where only
eight were to be elected.

It seemed certain on the early re-
turns that Harlan, Thompson or West
would be the loser on the Republican
side.

Medill McCormick led the ticket,
from the time the figures began to ar-
rive. Congressman William M. McKin-
ley of Champaign, and William J. Cal-
houn, former minister to China and
a resident of McCormick's ward, were
up near the top.

Roger C. Sullivan cleaned up on the
Democratic side, defeating ex-Mayor
Harrison and Governor Dunne in near-
ly every ward and won downstate.

ANDERSON DID NOT CALL SHOT AND LOST

FINISH OF POCKET BILLIARD CON-
TEST CLOSE; WOODYATT
WON, 600 TO 598.

Chalmers Woodyatt of this city won
in the last block of the 600 point
billiard contest which was be-
gun at the opera house billiard hall
Monday evening and finished Tuesday
afternoon. The final score was 600 to
598. At the beginning of the last
block Woodyatt led his opponent by
28 points but Monday evening when
game was called Anderson led Wood-
yatt, 130 to 99. Tuesday afternoon the
match was called again and by superi-
or generalship Woodyatt overtook his
opponent at 590 points when he play-
ed safe. Anderson then made a shot
and broke the balls and would un-
doubtedly have won the contest had
he not forgotten to call the shot and
it was Woodyatt's shot and game.

MINERS RATIFY WAGE PACT

Michigan Alone Rejects Agreement

Indianapolis, April 12.—The wage
agreement adopted at a conference of
the officials of the United Mine Work-
ers of America and representatives of
the coal mine owners in New York
has been ratified by a referendum
vote of the members of the miners' or-
ganization, according to an announce-
ment made by William Green, inter-
national secretary-treasurer of the
union. The vote was 84,984 in favor
of the agreement and 42,820 against
it.

"Every district, except Michigan,"
said Mr. Green, "voted in favor of the
adoption of the agreement. In the In-
diana district, where the strongest op-
position was manifested, a larger pro-
portionate vote was cast in favor of
the agreement than in any other
state."

AMERICANS NEAR DURANGO BORDER

VILLA IN HILLS

BANDIT LEADER, IF ALIVE, BE-
LIEVED TO HAVE HIDDEN
SELF IN MOUNTAINS.

SUPPLY LINE DANGEROUSLY LONG

If U. S. Troops Cross Durango Border
Line of Communication Will
Be Problem.

(Associated Press)

Villa has left the main body of his
command and is hiding in the moun-
tains or Chihuahua while Carranza
troops are pursuing the retreating
Villa bands in the hope of locating
their leader, according to the Mexican
war office.

Masked Trail With Fiction.

Masking his trail with fiction spread
broadcast by the press that he is dead
or wounded, Villa is thought by the
Mexican military authorities to be
safely hidden in the recesses of the
mountains.

Details of a five-hour battle between
the Carranza garrison at Pasaje, Du-
rango, and a force of Contreras and
Ceniceros bandits indicate that 70
bandits and four Carranzistas were
killed.

Aro Near Border

The American forces are near, if
not actually at, the Chihuahua-Du-
rango border, as indicated in code dis-
patches received at El Paso by pri-
vate concerns, from Parral. It seems
certain that Villa, if alive, has passed
into the mountain fastnesses of Du-
rango. It is not believed that the Am-
ericans have passed the Durango line.

Synopsis of Play.

The scene of the story is laid in a college town where the students are preparing for a football game with a rival college. It develops that Douglas Brown, a football expert from another college, is in town on business connected with his father's estate. To distract attention, Douglas enters this college, is induced to play on the team by Phyllis Lane, and a love romance is begun.

Robert Preston's secret love for his young ward, Marian Dayton, is reciprocated. He intrusts to her the combination of his safe and tells her of a packet of important papers enclosed there. Louise Ross and her mother, Mrs. Brown, who is Douglas' step-mother, learn that a second will disinheriting them has been found and is in this safe of Mr. Preston's. They come to this college town and plot to rob the safe during a mask ball given by Marian, Mr. Preston's ward. To accomplish this, Louise Ross devises a fancy costume identically like that worn by Marian. Impersonating Marian, she deceives Preston, learns the combination of the safe from him and obtains the papers, with the aid of Jack Austin, who believes, too, that she is Marian. Fortunately the original packet has been removed by Preston, and Louise secures only valueless papers. The "Imp," a girl student, was however in the room, sees Louise and recognizes her.

Preston enters the room, recognizes Jack, and, convinced that the latter is planning a robbery, demands an explanation. Just at this point the real Marian enters, grasps the situation as she believes, and attempts to protect Jack by assuming the guilt. Her innocence is finally established by the "Imp," who exposes the real thief, Louise.

Meanwhile Douglas Brown has won the football game for the college team and declares his love for Phyllis. When he learns that she has trifled with him, he becomes cool. This, however, passes away and happiness follows.

When Preston realizes Marian's self-sacrificing effort to save Jack, he declares his deep love for her and together they happily realize the dream of the pot of gold at "the end of the rainbow."

Right Shopping and Right Dressing

The way to stylish and economical dressing does not lie in long and tiresome tours of all the shops in town. By scattering their energies in this manner, women generally end by buying on impulse and then tiring of the garment early in its life. And this haphazard method is costly in the long run, as all business is costly when it is carried on with a great number of unknown persons or firms, and many of them none too trustworthy. The proper and efficient way to shop is to select one thoroughly reliable store, try it out, and having found it honest and capable and style-worthy, bring your patronage there for as long as the firm and its salesfolks continue to show good judgment, good stock and honesty of purpose. *Prices, too are "right" here.

Daddy's Bedtime

Story

What a Soldier
Did With
His Gold.

"What does my lord command?"

[Adapted from Hans Christian Andersen]
WHEN daddy sat down in his big chair Jack and Evelyn perched on its arms while he told the bedtime story. "An old witch once got a soldier to go down a hollow tree and find her grandmother's tinder box. Then to reward him she let him have all the gold he could carry. Soon as he got back on the street he marched off to the finest hotel in town to live just like a gentleman. He picked out the grandest room and ordered the best food, because his pockets were bulging with witch gold. "The servants who had to clean his boots thought them the funniest boots a gentleman ever wore. He hadn't had time to buy new ones, you see. But the next day he went to a shop and got rigged out in splendid clothes, so that all the town people began to treat him like a gentleman. They told him about all the interesting things in the town, about their king and what a lovely princess his daughter was."
"Oh, daddy, is this going to be a princess story?" cried Evelyn.
"Where can I see the king's daughter?" asked the soldier.
"You can't see her," the town people told him. "She lives in a great copper castle surrounded by walls and towers. Nobody but the king dares to go in and out, for it has been prophesied that she will marry a common soldier."
"The soldier wondered if he might be this soldier and wanted very much to see the princess. But there was no way to get permission.
"He now began to lead a merry life. He went to theaters, drove about in the king's park and gave away lots of money to poor people. You see, he remembered how disagreeable it is not to have a penny in your pocket. So he made many friends, who told him what a fine fellow he was, and he liked to be told that. But he spent so much money that at last he found that he had little left. At last he was obliged to move out of his grand hotel. He had to take a tiny attic up under a roof, clean his own boots and mend them himself with a darning needle when big holes came in them. None of his many friends went to see him because there were so many stairs to climb.
"One dark night, when he had not even enough money to buy a candle, he suddenly remembered a copper in the tinder box that the old witch had sent him down a hollow tree to get and which he had taken away from her. So he got out the tinder box and struck fire, and as the sparks flew up the door burst open. A dog with eyes as big as saucers, the one he had met when he went down the hollow tree, stood there, saying, "What does my lord command?"
"Oh, daddy, what a nice way to make money!" cried Jack.

PEOPLE COLUMN

WEDNESDAY NIGHTS.

Editor Telegraph—Knowing that the columns of your paper are open to the views of its readers who desire to express them, please print the following:

It has come to my notice that certain persons have been using their influence to try to persuade the few loyal merchants who now close their doors of business on Wednesday evenings to remain open on these evenings. I said loyal, for they are continuing in the way all of the merchants started out to do a year ago. I shall leave it to the public to judge for themselves what "loyal" motives prompt one merchant to become disloyal enough to forsake the truly progressive ways and return to the old ways again. One deserter has been followed by others until today they number nearly one-half of all.

I say again "loyal"—but those who close on Wednesday nights are more than loyal, they are truly progressive.

How can those who remain open Wednesday nights call themselves progressive when the merchants of Sterling, Rock Falls, Freeport, Rockford, Galesburg, Peoria, Rochelle and other towns remain open on Saturday nights only, and then some of these merchants close at 9:30 p. m. at that. Several merchants of the above named towns close at 5 p. m. with the exception of Saturday evenings during the summer months.

What is the matter with many of the merchants of Dixon?
Open Wednesday evenings means longer hours for the salespeople who even now put in more hours than those engaged in other lines of work. If longer hours means more goods sold and consequently more profits for the merchants why do not the salespeople receive more wages for their extended time. I know they do not, for I have been through the game. Why should the business men of Dixon demand more of their salespeople than those of other towns? The merchants expect a square deal and get it. Why should not the same be extended to the salespeople behind the counter?

If the needs of the public made it necessary to have two open nights a week it would be different, but they do not, though many of these would-be "progressive" merchants try to make themselves believe it is necessary.

It is a slur to the progressive people of Dixon and community to imply that they demand two open nights a week and they should resent it in a way that will be sufficient.

EXPRESSIVENESS
in clothes for men and young men

Clothes must be more than mere clothes to express the individuality of the man. HIGH ART CLOTHES are expressive not of their price but particularly of character.

Their models for young men fairly bubble over with youth—their models for those of sedate taste express conservatism—their models intended for men of every stature are not affected by mere size proportion but are designed essentially for that particular type of man.

You can best express the evidence of your good taste in dress by wearing these expressive clothes for men and young men. Their dependability goes without saying and their service is guaranteed by both the manufacturer and by us, as usual.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Misses Lenora Rosbrook and Jean Hitchcock went to Chicago this morning.

Mrs. Blake, who is ill at the hospital, is much improved.

Dr. and Mrs. Zelgler of Amboy motored here yesterday and spent the day.

Will Gilbert has sold to Carl Tippet the residence at 518 Peoria avenue.

Deputy State Fire Marshal Robert Harper of Rock Falls was here Tuesday on business.

It improves the blood, cleans the stomach, regulates the bowels, helps the appetite, livens you up. You work better—feel better—look better. Hollister's Rocky Mountain Tea, a real Spring tonic. 35c.—Rowland Bros.

This 3400 r. p. m. Chalmers Will Last Any Man 5 Years or More.

She hasn't a weakness. And the sturdiest part of her anatomy is her 3400 r. p. m. engine.

Now there has been a lot of talk about 3400. I find some of my prospects come in here a little bit doubtful about 3400.

• They have been told by my contemporaries that an engine turning up 3400 r. p. m. is doomed to short existence.

That's absurd. Why, there are at least three cars in America that do 3100 r. p. m. or better. Ten years ago in Europe there were cars that did 4000 r. p. m.

Take the electric fan. It does around 4000. A turbine reaches about 4300.

Now, the argument set forth against 3400 is the "wear and tear on bearings."

How ridiculous! Of course, if we had an old-fashioned engine with heavy iron pistons and arm-and-hammer type of connecting rods—then, to be sure, I'd have little to say.

But, to the contrary, this is a very modern engine. The pistons are aluminum, which cost a whole lot more, but weigh a whole lot less.

Then the connecting rods are much lighter. That takes a lot of weight off the bearings, and permits about 500 r. p. m. more engine speed.

That isn't a very big increase, I know, but it's

just enough to make a very foxy, silken affair in action.

And then, too, in traveling 10 miles an hour her engine speed is only 500 r. p. m. At 20 she turns up 1000. At 30, 1500.

How often do you travel faster than 30?

So unless you want to sink the little button to the floor board and hold her there all day, you're not using 3400 r. p. m. all the time.

I hope none of my friends will swallow whole any story deriding 3400.

You know you will always find the largest number of clubs under the best apple tree in the orchard.

This car has doubled my sales.

As Mr. Post says, "There's a reason."

One little ride and you will want to pass up your old gondola.

Ask me about our service inspection coupons. They are negotiable with all Chalmers dealers everywhere. This system is an important consideration in buying your car.

"The Store That Sells Wooltex

Women who have seen our Wooltex garments know that the styles are both refined and dependable.

In our advance exhibit of Wooltex the models shown were the equal in style to the best exhibited in the fashion centers.

Right now we are showing mid-season Wooltex models that will be copied later in the season by other makers of women's garments.

Because this is The Only Store That Sells Wooltex in this city, we alone are able to show these advance styles.

Surely you will want to see these new mid-season models this week. Every day you wait cuts down the time and likewise takes off some thing of the enjoyment of wearing the new styles while they are new.

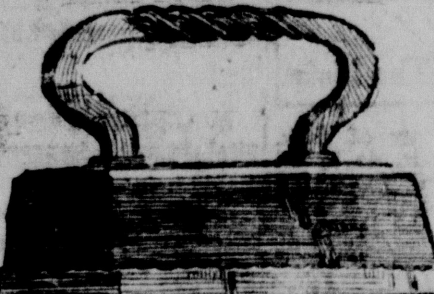

Many fashionable mid-season Wooltex suits are priced as low as \$25. Others at \$30 and up to \$45. Coats at \$15 to \$35.

Style can't be pressed into your Clothes

A tailor's goose can put a veneer of style into your clothes—but the beauty that is *more* than skin deep requires careful, skillful masterly hand tailoring—the kind that goes into made to measure clothes.

There's more hand tailoring employed in a custom made suit than in any other kind—hand tailoring is a time-honored custom method—it gives the clothes their style permanency.

Hand tailoring is just one of the advantages that custom tailored clothes provide—their styles are more distinctive and their workmens of a really worth while individuality.

100 ILLINOIS LEPERS, HEALTH HEAD CLAIMS

Not Near So Dangerous as Tuberculosis, He Says.

Springfield, Ill., April 12.—That citizens of Illinois are unnecessarily alarmed over the finding of several cases of leprosy within the state was the opinion expressed by Dr. C. St. Clair Drake, secretary of the state board of health.

"I venture to say there are at least 100 persons at large within the state of Illinois afflicted with the dread malady. It is generally known among health officers of the state that these cases exist. In fact there are large numbers of lepers in all states, but no concerted action can be taken until the federal government erects a national leprosy hospital to care for the cases."

"One case of leprosy," Dr. Drake continued, "is not one one-thousandth the danger to the community that there is in one case of tuberculosis."

"None of the cases of leprosy in Illinois are actively contagious unless there is intimate relations for a long period of time between the leper and the subject."

TURKS ANTICIPATE ATTACK ON BAGDAD

Order All Mohammedan Civilians to Quit City.

London, April 12.—Mohammedan civilians have been ordered by the Turkish war office to leave Bagdad, says a dispatch from Zurich.

Turkish and German army officers have begun to prepare the city to withstand a siege. Bagdad is the objective of the British army which invaded Mesopotamia from the Persian gulf.

General Sir Percy Lake's main British army of invasion in Mesopotamia is about 125 miles from Bagdad, its progress being barred by Turkish forces lying in front of Kut-el-Amara, which defeated the British under General Lake Monday.

It is believed that, with reinforcements of men and guns that have been sent into the Persian gulf sphere of operations, the English will soon be able to cut through the Turkish defenses at Sennyyat, twenty miles east of Kut-el-Amara, and believe the British army of General Townshend which is beleaguered there. When Kut falls the way to Bagdad will be opened.

HUDSON SENT TO DELAWARE

Opera Bouffe Sea Hero Must Stand Trial for Piracy.

New York, April 12.—United States Commissioner Houghton decided that there was sufficient evidence to warrant his sending Ernest Schiller back to Delaware to stand trial for piracy committed on the high seas when he captured the British steamship Matoppe single-handed. If the commissioner had decided otherwise and had released Schiller, or Clarence Hudson, as the latter sometimes calls himself, the opera bouffe pirate would have immediately been rearrested in connection with deportation proceedings and England would probably have nabbed him.

CROWN PRINCE'S DRIVE SLOWS UP

French Check Great Assault on Verdun Positions.

TEUTONS MAKE SLIGHT GAIN

Foothold Acquired at Dead Man's Hill.

Paris Reports Offensive Has Been Reduced to One-Fourth—French Counter Attacks Retake Positions. Petain Plans Surprise.

Paris, April 12.—There is a cessation of the German infantry assaults to the west of the Meuse, although the bombardment of the French lines between Le Mort Homme and Cumieres continued, according to the official communication issued by the war office. A powerful attack, however, was delivered against the French trenches between Douaumont and Vaux, east of the Meuse. The Germans at this point succeeded in gaining a foothold in some of the advanced trenches, but were driven out by a counter attack. French Launch Drive.

London, April 12.—Furious French counter attacks and sheeted artillery fire are checking the mighty drive launched by the Germans on the northern fronts of Verdun.

The French are striking blows rivaling in power the tremendous smashes directed by the crown prince against Dead Man's hill and the positions northwest of Verdun.

Drive Nearly Halted.

The crown prince's attack has been brought to a complete stop on every sector, excepting on the barren northeastern ridge of Dead Man's hill, where the Germans, the French war office admits, gained a footing in portions of French trenches.

German losses since the Verdun battle began, fifty-one days ago, total more than 200,000, the French war office estimates. The German semi-official news agency claims the capture of 36,000 French prisoners, indicating that French losses have at least exceeded 100,000.

French Plan Big Drive.

General Petain, the French commander, plans to engage the least possible number of men, so as to retain the maximum number of formations for the ulterior operations which are to be entered upon at a moment which he will consider opportune and which probably will be decided upon by him when he considers that the Germans have wasted all the men they are willing to sacrifice.

Since the beginning of the battle the Germans have employed thirty-two divisions, it is asserted, and it is impossible for them long to continue their efforts on the present scale. A radical change is looked for shortly.

SEIGEL TO OPEN NEW STORE

Former Merchant Prince to Engage in Business Again.

New York, April 12.—Henry Siegel, former merchant prince, who went to prison when his bank in his fourteenth street store here failed for \$2,500,000, is soon to open a new department store in New York. It is reported. Friends are understood to be financing him for approximately \$250,000.

Siegel gained his liberty a short time ago after serving a ten-months sentence.

HOW TO MAKE THE GARDEN A LIVABLE PLACE

TO make the garden livable it must be furnished. Nature may provide the setting and the color scheme, but man's ingenuity is required to supply the seats and summer houses, the bird baths and pools, the pergolas and sun dials or as many of these things as it may seem expedient and wise to have. Garden furniture is less expensive than it used to be—less expensive and better. Moreover, there is a great variety. Good rustic pieces may be made at home, or, time and skill being lacking, they may be bought. So also may delightful old English seats and tables, while pergolas and arbors of artistic design and good workmanship may be obtained ready made and set up in the garden with but very little labor. In fact, every sort of garden furniture from summer house down to bird houses is now on the market. There are even artistic bird baths and pedestals made of wood and much cheaper than those of marble or even of composition.

Of course cement has come to take a prominent place in the garden and is used in making pedestals for sun dials, bird baths and pools as well as for benches and seats. To many minds no garden has really been brought to date until it has been equipped with a pool in which water lilies may be grown, with the glistening sides of goldfish flashing among them. Such pools need not be at all expensive and are not difficult to construct when good Portland cement is the material used.

A GARDEN HINT

How to Make and Set Out Flower Cuttings For Spring.

Cuttings from many plants growing in the window garden will root readily at this season, and in conservatories and greenhouses cuttings should be made freely now.

Clean, sharp sand is the best for rooting cuttings generally, though geranium cuttings can be made and potted up in thumb pots. The cuttings should be made just below a bud, trimming off all the foliage except a leaf or two at the top of the cutting, and the top half of these leaves may be clipped off.

Be careful to have the sand firm about the base of the cutting, setting it half its length below the surface. Water thoroughly and shade from the sun, not allowing the soil to become dry.

FOR THE COOK.

How to Fry a Large Chicken the Easiest Possible Way.

Prepare in the usual way for frying; have fat one-eighth inch deep in pan smoking hot; place the chicken in the pan and cover; reduce gas flame until the chicken fries very slowly, turning each piece until rich brown. Pour one cupful of hot water into the pan and let the chicken continue to cook with cover on until all the water has cooked out. Lift the chicken on to a dish and make a brown gravy. This is intended for grown chicken, but not old fowl.

HUGHES BOOM SEEN IN IOWA'S ELECTION

Supreme Court Justice Outruns Roosevelt in Primary.

Des Moines, April 12.—A boom for Charles Evans Hughes in Iowa was demonstrated in returns from the first presidential preference primary. While Senator A. B. Cummins gets the delegation to the Republican national convention by a handsome majority, Hughes carries a few precincts and ran well ahead of Roosevelt. Wilson got the Democratic indorsement without opposition.

The total Republican vote was not over 75,000, and the Democratic 60,000. It may be a week before all the returns are in.

For national committeeman Wilbur W. Marsh of Waterloo was re-elected over Edward G. Dunn of Mason City. Marsh won by a two-to-one vote.

John T. Adams of Dubuque was re-elected Republican national committeeman over John Olson of Forest City by about the same majority.

Table Glass Prices Advanced.

Pittsburgh, April 12.—The principal glass tableware manufacturers announced new prices, some factories advancing certain lines 10 and 15 per cent.

FAMILY FUED IN POLITICS

One Du Pont Instructed to Vote for Another for President.

Dover, Del., April 12.—The factional family feud of the DuPonts broke out in the republican state convention with curious results. Alfred J. DuPont, who is principal contestant in the suit over transfer of General T. Coleman DuPont's \$60,000,000 worth of powder stock, won hands down as delegate to the national convention at Chicago. Then the convention hitched him to Coleman's chariot by unanimously instructing the delegation to vote for Coleman for presidential nomination.

Thus the Coleman DuPont boom has been formally launched. He's the "business man's candidate" and a favorite son.
